"BROAD PURPOSES" IS SUBJECT BY J. B. STOLL

Compliments Newly Formed Organization on its Broad Purposes — Talk on Lincoln Highway Given by Williams.

An organization with a broad purpose, was the compliment paid the Mishawaka Chamber of Progress by the Hon. J. B. Stoll of South Bend in an address at the Mishawaka hotel Monday evening. Mr. Stoll, who is interested in a proposition which will endeavor to place the city more prominently on the map gathered last evening to hear the address given by a noted newspaper man and editor, the secretary of the St. Joseph County Lincoln Highway commission, M. L. Williams of South Bend.

Mr. Stoll spoke on the progressiveness of Mishawaka citizens in forming an organization which would better the commercial interests of the city and which would on a smaller scale equal the efforts of Kaiser Wilhelm of Germany in endeavoring to form a get-together movement which would concentrate all interest of Mishawaka to the city and its future. Mr. Stoll also complimented the organization in having for one of its purposes, the bringing into its membership men from all stages of life even from the lowest wage-earner to the mightiest employer. He also spoke on the many advantages of the city toward making it a greater city. He featured the great water power facilities of Mishawaka and the agricultural neighborhood and the improvement of public highways which would greatly aid toward the development of the agricultural interest of the community which is an estimate purpose of the organization.

Mr. Williams was the third speaker of the evening and gave several enlightening remarks on the proposed work of the Lincoln Highway association. He also gave the estimated figures of the cost of the building of the highway and the part each county and state were expected to play toward the building of this great monument to the famous and beloved martyred president.

Mayor-elect Ralph W. Gaylor was the first speaker of the meeting and spoke greatly in favor of any proposition which would boost Mishawaka. He told of the work of various organizations of the city, in their sphere but spoke prominently of the work of the Mishawaka Business Men's association in its day and said that the purpose of the newly formed Chamber of Commerce was far more broader in bringing in all classes and not confining to one particular class.

Over 200 were present at the meeting and it was expected that the temporary officers to elect permanent officers but the speaking took up so much time it was decided to postpone the election until the meeting next Monday evening. The eight piece Moore orchestra rendered several selections during the evening's program.

The grand finale was an argument between the temporary secretary and chairman as to who to thank for services of the evening, it being decided to thank only men from out of the city as all others are "All for Mishawaka".

GETS FIRST SHAVE AND HAIRCUT IN 40 YEARS

David Newman, Over 80 Years of Age, Enters Barber Shop for First Time in Two Score Years.

A shave and haircut, the first in 40 years, was the experience Saturday of David Newman, who resides six and a half miles southeast of the city. Mr. Newman was in town Saturday and decided that he would look much younger if he should have his beard shaved off and his hair cropped close. The artist who did the work stated Monday morning that Mr. Newman entered the shop for a shave and haircut, his first shave and that he was very shy and bashful when he entered the chair, hardly knowing how to place his head on the rest and forgetting about. He told other farmers who would be a great surprise for his wife when he returned home as she was unaware of his action toward making himself more youthful.

Mr. Newman is 81 years of age and has lived in this country for over 45 years, most of the time residing in the country hereabouts. Mr. and Mrs. Newman will soon enjoy their 60th wedding anniversary. Mr. Newman remembers when Mishawaka first originated and was at one time a charcoal burner which was quite an extensive business in those days. The burning greatly helped clear the lands and the charcoal was sold to the old St. Joe iron works, which has long been out of existence and which is an industry nearly forgotten excepting by name in this city, there being but a few old residents who remember its day.

SENSATIONAL CASE IN CITY COURT DISMISSED

Nellie Deep, Who Was Charged With Grand Larceny, Is Free—Father Finds Money Supposed to Be Stolen.

Charges of grand larceny against Nellie Deep were dismissed Monday morning in the city court by the deputy state prosecutor, J. W. Schindler. About two weeks ago charges of grand larceny were filed against the girl by her father, George Deep, 808 W. Seventh st., who claimed that the girl stole \$200 from her parents and he thought that the girl planned to use the money to furnish a home in South Bend for herself and William Albert, whom she intended to marry. The girl's father claimed that after her arrest and release on bond, she returned to her home, accompanied by the police, and that the next day, after she had visited the house, the money was found. It is thought that the girl, fearing prosecution, returned the money.

Much ado was made over the case when it developed that the girl was under age. Two weeks ago she in company with William Albert attempted to secure a marriage license at the county clerk's office in South Bend, the clerk surmising that the girl was not as old as she pretended to be, called parties in this city who knew the couple and who said that she was but 15 years old. Shortly after leaving the clerk's office the girl was arrested on the larceny charge. Nellie is now an exile from her home, because of her actions and the disobedience to her parents' guidance. The girl's affections lie toward her lover more so than toward her parents and consequently led to the breaking up of a love between parents toward their child.

YEAR'S CORN CROP IS VALUABLE ONE

Although the Yield is Half a Billion Less Than Last Year it is Expected to Bring More Money.

WASHINGTON, Nov. 11.—This year's corn crop promises to be the most valuable this or any other nation has ever produced, although the department of agriculture's preliminary estimate of production, issued Monday, indicates it will be more than half a billion bushels less in size than the record crop of last year, and the smallest since 1903. Based on the department's figures of 70.7 cents per bushel the average farm value on Nov. 1 the crop, as now estimated, is worth \$1,741,352,019, while the value of the 1912 record crop was \$1,520,454,000. The previous most valuable crop was that of 1909 when it was worth \$1,652,822,000.

The department's preliminary estimate of production Monday increased by 90,000,000 bushels the estimate made in October, and also that made in September. This was taken to indicate that the damage from the very severe drought in the middle west was somewhat overestimated. The department's final estimate of production next month may show further increase in the size of the crop.

Details for the corn crop in principal states for 1913, with yield per acre and production, follow:

Illinois, 27.0; 284,877,000. Indiana, 36.0; 176,328,000. Ohio, 37.5; 149,775,000. Kentucky, 20.5; 74,538,000. Tennessee, 20.5; 58,982,000. Michigan, 33.5; 54,974,000.

The greatest damage from the drought is indicated in the figures for Kansas showing the yield there to have been reduced to 2.2 bushels compared with 23 bushels last year; in Missouri where the yield was 17.5 bushels, compared with last year's 32 bushels, and in Oklahoma where it was eleven bushels against 18.7 last year. In Illinois the yield was 13 bushels below last year's yield, in Iowa 9 bushels, in Nebraska 9 bushels, Missouri 14.5 bushels, Indiana 3.7 bushels, and Ohio 5.2 bushels.

FILE EXPENSE ACCOUNTS

Three Candidates in Recent Election Comply With Law.

Three more statements of expense accounts were filed in the county clerk's office Monday. James McCarty spent \$12.65 in the campaign for councilman. Washington Harman spent \$10.00 in the race for the school office, and Sevar Thompson spent \$76.50.

Supreme Court to Take No Further Action in Telephone Suit.

WASHINGTON, Nov. 11.—The supreme court of the United States Monday declined to review a suit between the Western Union Telegraph Co. and the American Bell Telephone Co. in which the Western Union company claimed \$3,000,000 under an agreement alleged to have been made between the companies.

Seven million dollars already had been paid to the Western Union under the agreement.

MARKET EXPERIENCES SEVEREST SETBACK

Quotations Are Scaled Down All Along the Line, Some of the Issues Showing a Decline of Four Points.

NEW YORK, Nov. 11.—Quotations were scaled down all through the stock market Monday. It was the severest setback of sometime, with losses among the representative stocks running up to four points at the low figures of the day. The amount of business was small in proportion to the extent of the movement and the absence of strong support in any quarter of the market was disquieting to holders of stocks. Even more significant was the evidence of genuine liquidation, which was written all through the record of the day.

Belief that a crisis is approaching in this country's relations with Mexico was the foremost factor in influencing sentiment. U. S. Steel monthly statement of unfilled tonnage was considerably poorer than had been expected. For the first time in nearly two years, unfilled tonnage fell below the 5,000,000 mark, the decreasing amount to more than 2,000,000 tons in the last twelve months.

Bonds were weak with severe declines in some issues. Total sales (par value) \$1,800,000. United States bonds were unchanged on call.
